Installation chattram proposed to be built at Saklespur I have the honor to state as follows.—

1- The total extent of the land required on account of the buildings to be built in memory of the auspicious event of the Installation of His Highness the Wodeyar Raja of Mysore in August 1902 comprises $4200 \frac{7}{8}$ square yards as detailed in the margin. The extent

with The chattram proper and its out houses ———	sq. yards 3522 $\frac{5}{9}$	of land measuring 3522 $\frac{5}{9}$ sq. yds on which the Installate chattram and its out houses are proposed to be built is a vacant land situate within municipal limits, and lying
The Reading room adjoining the chattram and — forming an adjunct to the same.	644 $\frac{1}{2}$	
For purposes of Conservancy lane etc. ———	33 $\frac{1}{3}$	
Total sq. yds 4200 $\frac{7}{8}$		

3
to the west of the Post office. A
reading room is also proposed to be
built as an adjunct to the chattram
for the benefit of the public in
commemoration of the auspicious
event and the extent of land to be
devoted to this building measures
 $64\frac{1}{2}$ sq yds. This land forms the
site on which stood the old Anglo-
vernacular school building since
demolished. It is ascertained that
the land in question belonged to a
private individual and purchased
so far back as 1869 on payment
of compensation. It is reported
that the source from which the
compensation for the land was

met could not be made out from the records available. The land however remains vacant and compensation for the same might have been paid by the Municipality and the land made over to the educational department for purposes of the school and it may be advantageously used for the Reading room. The remaining extent of $33\frac{1}{3}$ sq. yds is required for conservancy purposes and this extent of land which is in private holding will be taken up by the Municipality on payment of the compensation settled therefor.

2 - The sub division officer Sakleshpur states that the cost of

Construction of the Chattram and the Reading room including the amount of compensation payable for the lands to be acquired amounts to Rs: 14,000/- and may be met from the following sources as resolved upon by the Sahlepur Municipal Board in their meeting held on 22nd January 1903. viz-

Rs: 2191 -	" - "	subscriptions collected.
" 3809 -	" - "	do — promised.
" 1500 -	" - "	Grant by the Municipality
" 6500 -	" - "	do — to be solicited from Government.

I have herewith submitted also a copy of the Board's resolution on the subject for favor of reference. It is also proposed to hand over the Chattram after completion

completion to the municipality for maintenance in which case it is suggested that a case taken on Rs. 7/- per mensem may be appointed for the building and paid from municipal funds the cost of up keep of the building being borne by the municipality.

3 - In this connection, I beg to submit that at Saklespur there is a 1st class Travellers Bungalow and a musafirkhana for the accommodation of travellers.

Saklespur is besides an out of the way mahad place and it is passed through by the public during the gatra at Subramanya

Otherwise it is not a place to which people resort frequently. Thus the construction of a building at such an enormous cost as Rs 14,000/- is not, I think, quite desirable. I suggest instead that a chattram may be built at a cost not exceeding Rs: 5000/- in all and the balance of the amount available invested in the Savings Bank to the credit of the chattram and the interest accruing therefrom annually, may be devoted for feeding the poor and the needy that may halt in the chattram and the surplus used to meet the cost of a caretaker and the necessary outlay for annual repairs any sums that may be required for the purposes of the chattram being contributed from District

Funds as occasion may require. As to this and as to the grants applied for from Government and from the Municipal funds, I shall make a separate communication.

4 — The plans of the buildings — received from the sub division office require modification on the lines suggested and the same will be submitted to Government as early as possible.

5 — Under the circumstances above represented, I request you will kindly obtain early sanction of Government to the grant of ^{the} sites for the buildings free of cost as recommended in my letter No: 307 Dated 18th December 1902

6- I beg to add that a copy of resolution of the Sahleapur Municipal Board of the meeting held on 22nd July 1902 is also submitted herewith as called for in your docket under refy.

7- I regret the delay in replying to the reference from Government which is due to the non receipt of full information on the subject from the Sub Division officer Sahleapur.

I have the honor to be,
Sir,

Your most obedient servant.
